

WHY PREVAIL NEXT?

We have seen God bring so many people through the doors at Journey! Below are the weekly average attendance numbers for both Worship and Journey Kids from 2022-2025.

- 2022: 197
- 2023: 292
- 2024: 349
- 2025: 360

These numbers do not include those watching online, and those not in attendance on that Sunday. There are days we have come very close to turning children away from our Journey Kids program! Sometimes there are over 90 kids back in the children's wing and have come close to capacity.

We have expanded to 3 services in November 2024. We are in the fastest growing area in Brown County. People are searching for love, hope and God. The time is right now to expand and that is what Prevail NEXT is about!
